Teaching languages
- German

Keywords
- German, literary studies, 18th century German literature

Position of the course
This advanced course helps students to become thoroughly proficient in German and to gain a strong linguistic awareness. The course offers a profound scientific insight in the specific characteristics of literary texts and shows the ways in which literature functions historically.

Contents
In this course, students are stimulated to reflect on the concrete ideology-critical and text-strategical problems in texts, also from older periods (18th century). Starting point, methodology and analyses are now strongly theoretically founded. Themes change every year (Bildungsroman, Poetik, Mythos, Lyrik, ...).

Initial competences
To have successfully completed the course German literature III or to have acquired the necessary skills by other means.
Final competences
1 To be able to put a thorough knowledge of German into practice.
2 To be able to apply thorough knowledge of German literary traditions while analysing literary texts and situating them in a historical and stylistic context.
3 To be able to put the tools of analysis into practice.
4 To be able to critically reflect on concrete ideology-critical and text-strategical problems from older periods (18th century).
5 To have a sound insight in literary theory and literary studies

Conditions for credit contract
Access to this course unit via a credit contract is determined after successful competences assessment

Conditions for exam contract
Access to this course unit via an exam contract is unrestricted
