Teaching languages

Dutch

Keywords

History, 16-18th centuries, Europe, European colonial world.

Position of the course

This introductory course unit seeks to familiarise students with the history of Europe and Europe's overseas expansion in the 16th-18th centuries.

Contents

A general survey of the major political, intellectual, social, economic and religious developments in Europe. Special attention will be given to the European overseas expansion and its consequences.

Initial competences

No specific initial competences required.

Final competences

1. Have proficient knowledge of the historical terminological framework, the most important historical facts, and historical explanations.
2. Have a referential framework regarding the history the Netherlands and Belgium in an international context.
3. Have a referential framework for the early modern period.
4. Have the ability to critically reflect upon the role of the global perspective, the dynamics of processes, and recurrences in historical situations.

(Approved)
5 Have the ability to interpret contemporary developments from a historical-comparative perspective.

Conditions for credit contract
Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract
Access to this course unit via an exam contract is unrestricted
