Interaction and Communication in the Classroom (H000276)

Course Specifications
Valid as from the academic year 2019-2020

Lecturers in academic year 2019-2020
Mottart, André

Offered in the following programmes in 2019-2020

- Bachelor of Science in Criminological Sciences
- Master of Science in Teaching in Languages (main subject African Languages and Cultures)
- Master of Science in Teaching in Arts and Humanities (main subject Archaeology)
- Master of Science in Teaching in Arts and Humanities (main subject Art History, Musicology and Theatre Studies)
- Master of Science in Teaching in Science and Technology (main subject Biochemistry and Biotechnology)
- Master of Science in Teaching in Science and Technology (main subject Bioengineering)
- Master of Science in Teaching in Science and Technology (main subject Biology)
- Master of Science in Teaching in Economics (main subject Business Administration)
- Master of Science in Teaching in Economics (main subject Business Economics)
- Master of Science in Teaching in Science and Technology (main subject Chemistry)
- Master of Science in Teaching in Social Sciences (main subject Communication Science)
- Master of Science in Teaching in Science and Technology (main subject Computer Science)
- Master of Science in Teaching in Social Sciences (main subject Criminological Sciences)
- Master of Science in Teaching in Languages (main subject East European Languages and Cultures)
- Master of Science in Teaching in Economics (main subject Economics)
- Master of Science in Teaching in Science and Technology (main subject Engineering and Technology)
- Master of Science in Teaching in Science and Technology (main subject Geography)
- Master of Science in Teaching in Science and Technology (main subject Geology)
- Master of Science in Teaching in Arts and Humanities (main subject History)
- Master of Science in Teaching in Social Sciences (main subject Laws)
- Master of Science in Teaching in Languages (main subject Linguistics and Literature)
- Master of Science in Teaching in Science and Technology (main subject Mathematics)
- Master of Science in Teaching in Health Sciences (main subject)

Contact hrs: 40.0 h
Study time: 120 h
Credits: 4.0
Course size: 1

Master of Science in Teaching in Social Sciences (abridged programme) 4 A
Master of Science in Teaching in Science and Technology (abridged programme) 4 A

Teaching languages
Dutch

Keywords
Communication, communication skills, interaction styles

Position of the course
This course contributes to the realisation of the basis professional teacher competencies as stated in the course description and in the matrix of competencies that can be consulted on: www.lerarenopleiding.ugent.be

Contents
The theoretical part of the course will focus on the following items:
§ communication theory
  o communication skills in educational settings
  o correct and effective language usage discussed from different perspectives:
    educational studies, applied linguistics, sociology, psychology, communication theory
  o non verbal communication
  o visual design of communication
§ classroom management
  o motivating groups
  o dynamics of interaction

Initial competences

Final competences
1 Give oral and written presentations on a clear and persuasive way
2 Discuss with students, parents, colleagues and others, taking into account the diversity of the participants
3 React on an effective way on questions and challenges
4 Recognise and use strategies for non-verbal communication
5 Recognise the characteristics of effective teams
6 Develop the appropriate skills to function in effective teams
7 Reflect on their own strengths and weaknesses concerning interaction and communication

Conditions for credit contract
Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'

Conditions for exam contract
This course unit cannot be taken via an exam contract

Teaching methods
On campus lecture, practicum, on campus lecture: plenary exercises, on campus seminar: coached exercises

Extra information on the teaching methods
On the one hand plenary lessons; on the other hand seminars; exercises in small groups.

Learning materials and price
• Beginning of February the syllabus will be published by Academia Press.
  Total price: 15 euro.

References

Course content-related study coaching
• Interactive support using Minerva.
• By appointment.
  Feedback by appointment. Exercises will be discussed in class.

Evaluation methods
continuous assessment

(Approved)
Examination methods in case of periodic evaluation during the first examination period

Examination methods in case of periodic evaluation during the second examination period

Examination methods in case of permanent evaluation
   Portfolio, participation, peer assessment

Possibilities of retake in case of permanent evaluation
   Examination during the second examination period is possible

Extra information on the examination methods
   Feedback on the permanent evaluation:
   by appointment

Calculation of the examination mark
   Ramifications of the unfounded absence or non-participation in (part of) the permanent evaluation: the student who withdraws from periodical and/or non-periodical evaluations for the education component in question is given a non-deliberative final quotation

(Approved)
