Course offerings in academic year 2020-2021

A (year) English Gent

Lecturers in academic year 2020-2021

Weber, Erik LW01 lecturer-in-charge
 Ducheyne, Steffen VUB co-lecturer

Offered in the following programmes in 2020-2021

	crdts	offering
Research Master of Arts in Philosophy	6	A

Teaching languages

English

Keywords

structure of research proposal, state of the art, research objectives & methodology, research ethics, scientific integrity

Position of the course

This is the only mandatory course in the programme. It prepares the students for writing funding applications.

Contents

Overview of funding channels (national and international).
 Students are trained to develop and clearly formulate the different components of a funding application (state of the art, objectives, methodology, output, relevance, ...).
 Students are introduced to issues in research ethics and scientific integrity.

Initial competences

Knowledge of one or more subdisciplines of philosophy at advanced level.

Final competences

- 1 Adequate knowledge of funding channels.
- 2 Insight into the relevant issues in research ethics and scientific integrity.
- 3 Ability to develop a philosophical research project independently and draw up a funding application that can be filed with institutions like the FWO and the Special Research Funds of universities (and similar foreign institutions).
