Initial competences

Final objectives of secondary education

Final competences
1 Being able to describe the basic principles and concepts of social psychology.
2 Being able to situate, compare and evaluate social psychological theories.
3 To be aware that all rules - formal and informal - are strongly influenced by cultural norms, but also by norms in specific groups.
4 Gaining insight into the social psychological factors that influence law.
5 Gaining insight into the fact that legal rules are applied by people and that typical (social) psychological biases and influences on the application of objective rules occur.
6 To be prepared to extend one’s knowledge beyond the scientific principles underlying law.
7 To be able to identify obstacles for successful cooperation in task groups.
8 To be aware that one must work together in groups and that it is difficult to combine expertise.
9 Be open to the creative use of law as an instrument of social order, with a sense of pluralism, diversity and tolerance
10 To gain insight in multicultural issues.
11 To gain insight in the individual and contextual basis of ecological behavior and a sustainable world.

Conditions for credit contract

(Approved)
Access to this course unit via a credit contract is unrestricted: the student takes into consideration the conditions mentioned in 'Starting Competences'.

**Conditions for exam contract**

Access to this course unit via an exam contract is unrestricted.

**Teaching methods**

Lecture, seminar

**Extra information on the teaching methods**

Colleges with video illustrations of research and concepts. Attention is paid to the cross-cultural differences in social psychological phenomena. The chapter aggression explicitly discusses criminal behavior and the effectiveness of punishment to reduce delinquency. The chapter law psychology addresses phenomena that may lead to fault verdicts, like false confessions and mistakes of eye-witnesses.

Seminar 1: are people still obedient these days?
Seminar 2: how does it feel to be discriminated against?

Video material about a recent replication of the classic work of Milgram and discussion.

Video material about the method of Jane Elliot and discussion.

**Learning materials and price**
