Keywords

Position of the course

Contents

Students get to know the Sustainable Development Goals (SDGs) and basic methods in social research. They prepare questions and conduct interviews with leading persons in implementing the SDGs in Austria and globally. With the help of professionals, they prepare a video similar to: <https://www.youtube.com/watch?v=sXS98CqEgtA&vI=en-GB>

Initial competences

no previous knowledge expected

Final competences

Participants are able to find and understand relevant literature on the SDGs, they can conduct interviews and analyse the results with respect to the implementation of the SDGs globally and in Austria. They understand the role of international agendas and can evaluate their chances for implementation. They can apply interviews for social research and prepare video documentaries. They can identify gaps in their formulation and hindrances for implementation. They can develop plans for improved implementation.
